BRAHMANAND MANDAL

the rate of electricity per unit paid by the consumers on power generated by the public sector and private sector or multinational companies, separately?

Answer

THE MINISTER OF STATE IN THE MINISTRY OF POWER (SHRIMATI JAYAWANTI MEHTA)

The Independent Power Producers (IPPs)/Central Power Utilities generally do not sell power to the consumers directly. The power from these generators is sold to SEBs/other State Utilities, which in turn supply power to the consumers. The estimated average tariff charged from various categories of consumers during 2000-01 is given in Annexure-I.
